The objective of the course is to update Deputy Director for Administration careerists' knowledge and understanding of current activities, problems and trends in the Directorate and its various offices.

- A. Please indicate on this numerical scale how well in your estimation, the course has met its objective. (Number 1 is the lowest, number 7 is the highest.)

- B. What was the most useful segment of the program to you in your present assignment? The least useful? Please describe how you see the program benefiting you.

① Communications in the next decade
② I felt each was useful, if only to make
one aware of the vastness & scope of ^{the} Agency.

C. Did you feel the session on the Administration Directorate/
Management & Advisory Group (AD/MAG) was beneficial? Why?

Not particularly - In many cases the problems
that have been with the agency since conception are
still with us. There seems to be a great deal of
talk & no action. However I now understand more
clearly where & why these things have not been
changed.

D. Other Comments:

The course has been most informative,
as far as acquainting an individual with ^{the} many
facets of the Agency, that in everyday routine,
one hears of, but never has time or opportunity
to learn about.

I would highly recommend the session
to any individual, and would hope that it
could be continued & people would be able
to return periodically to keep up with
the changes that will continuously take place
if the Agency is to continue to grow. And I
personally think it will. It is a fantastic
Agency!
